

Methods Module

The module grade consists of two parts:

- Written test (50%) based on the lecture contents.
- Group presentation in the seminar (50%).

The written test takes place on 7th February 2026, and the grades are released to teachers about four weeks later. Teachers then combine the seminar and test grades to calculate the overall module grade and submit it to the university administration.

Both parts of the examination (written test and seminar presentation) must be passed in order to pass the module. For example, a failed test cannot be compensated by an excellent presentation.
